# INTRO

---

Leader S.M.Co. is one of the leading manufacturers of sheet metal components located at Naraina, New Delhi. We offer complete sheet metal fabrication services with the latest state-of-the-art facilities including CNC Turret, Laser Cutting & Bending machines.

Besides, we are equipped with different welding facilities that include MIG, TIG and SPOT machines. We also have In-house powder coating plant as well to serve our esteemed customers in complete best possible way.

We are well-resourced with advanced equipment's such as special tools and machineries that are essential for sheet metal fabrication and support our multi segmental growth.

Overall, LeaderSm is one stop solution for complete fabrication services using various sheet metal materials, 'all under one roof.

# ABOUT US

Leader S.M.Co., set up in 1989, emerged from the vision of Mr. Onkar Singh who started this business journey from a small manufacturing setup. With Strong determination and sheer hardwork, he turned this company into one of the leading sheet metal manufacturing & fabrication unit. He was later joined by his sons Mr. Harpreet Singh & Mr. Prabhdeep Singh.

As one of the leading sheet metal fabricators, LeaderSm is committed to being at the forefront of technology and innovation, offering superior class capabilities with minimized costing.

Over the years, we have grown steadily, thanks to our highly skilled workforce, customer-centric approach, innovation and commitment to quality. Our success is built on the strong foundation of our values, including integrity, transparency and sustainability.

Today, the company caters to numerous industries in the sheet metal sectors such as electrical, medical, automotive, telecommunication and many more. The company has gained a great reputation of trust among various sectors for their passion for precision and commitment to quality. We take pride in delivering the top-most and high quality customized products to our valuable clients.

To cope up with the latest technological advancements, Leader Sm continuously invests in state-of-the-art equipment and cutting-edge manufacturing processes, enabling them to deliver the most appropriate solutions to the customers on time.

# INFRASTRUCTURE

---

LeaderSm has full capabilities in customizing any sheet metal parts through our fabrication services. We can manufacture according to your specific designs, shapes, sizes, surface finishes, thicknesses, and more. The company sprawls at an approx. area of 12000sqft.

- We use laser cut for easy and precise sheet metal cutting
- LeaderSm uses punching techniques for forming perforations
- We offer to bend or folding process by using press brakes
- We use different welding techniques such as SPOT, MIG, TIG welding etc

We constantly invest in new machinery and latest design segments. We also believe that besides latest machinery & resources, highly skilled workforce is essential for the successful running of an organization. So, we have dedicated workmen for each department who take care of all the work in their specific zones.

We at LeaderSm use high-quality raw materials from leading Iron & Steel Manufacturers of India like JSW, SAIL & Tata Steel.

We provide a full range of sheet metal fabrication services such as shearing, punching, bending, cutting, welding, powder coating, assembly services, and many more.

# OUR SERVICES

---

- **CAD Design**
- **CNC Turret Punching**
- **CNC Laser Cutting**
- **CNC Press Brake**
- **Press Shop & Tool Room**
- **Welding Services**
- **Grinding & Polishing**
- **Powder Coating**

# VISION & MISSION

---

- To provide complete solution to customer requirements
- To focus on quality & better results
